Please state whether you are a current resident of St Briavels and environs :

Q1: The society is keen to appoint individuals who are community minded. Describe in a few lines what you feel is important about 'community'

Q2: The society is seeking to achieve a balanced community representation in its Advisory Panel where relevant experience and fresh perspectives are each valued. Please indicate if you are currently involved/participate in any community activity or club/organisation (providing brief details as appropriate). Please also indicate whether this would be your first voluntary community role or one of a number.

Q3: Advisory Panel Members must be supportive of the St Briavels wind turbine and the project's aim, to help build community resilience in St Briavels and environs. Using your own words, provide a brief description of the St Briavels wind turbine project, as if you were describing the project to a visitor to the area.

Q4: Reasons for your interest Please provide a paragraph or two about yourself, and tell us why you are interested in a voluntary role on the Advisory Panel.
